REGISTRATION OF WATER PRODUCTION FACILITIES

Purpose: This form is to be used to gather information on wells that are exempted from obtaining a permit according to the Section 36.117 of the Texas Water Code, which are: a well used solely for domestic use for providing water for livestock or poultry on a tract of land larger than 10 acres that is either drilled, completed, or equipped so that it is incapable of producing more than 25,000 gallons of groundwater a day; the drilling of a water well used solely to supply water for a rig that is actively engaged in drilling or exploration operations for an oil or gas well permitted by the Railroad Commission of Texas provided that the person holding the permit is responsible for drilling and operating the water well and the well is located on the same lease or field associated with the drilling rig; or the drilling of a water well authorized under a permit issued by the Railroad Commission of Texas under Chapter 134, Natural Resources Code, or for production from such a well to the extent the withdrawals are required for mining activities regardless of any subsequent use of the water. A separate registration must be completed for each well.

Well #

Name

Address

Phone and email

Annual use in acre-feet (1 acre-foot=325,851 gallons)

GPM

Driller

Date drilled

Location including county

Use: Domestic Stock Other

Total depth (in feet)

Depth of Casing (in feet)

Inside diameter of casing (inches)

Static Water Level (in feet)

Depth of Pump (in feet)

If available, attach a copy of drillers log or water well report.
